

Slim Soup

Delicious Hunger Free Weight Loss

Feel Fuller Than Standard Soup To Assist With Your Weight Loss

Soup can be a great healthy low calorie meal which is why it is a favourite choice for dieting. Don't leave yourself go hungry eating standard soup. Slim Soup makes you feel fuller for longer than standard soup reducing food cravings resulting in less snacking between meals. Slim Soup offers great weight loss support by offering a low calorie meal and to help increase your willpower against snacking.

Slim Soup has been developed with flavour in mind. Flavours include super tasty carrot & coriander and heart warming tomato and basil. Slim Soup contains real vegetables for a flavoursome taste and texture.

Each 20g serving is only 60 calories but helps you feel fuller for longer thanks to the addition of award-winning ingredient SlimBiome®. A great addition for any diet.

Making Weight Loss Easy

Designed to support weight management we've added patented SlimBiome® a scientifically supported blend of dietary fibres and mineral.

SlimBiome® has been used in human studies to support weight loss making dieting easier and more achievable. SlimBiome® does this by making you feel fuller for longer and helping to reduce food cravings between meals.

Slim Soup combines deliciousness and function in the form of a low calorie filling soup that is great for any time of day to include in your weight loss plan.

SlimBiome is a helping hand for people on a calorie restricted diet. It reduces hunger and cravings to make you stick to your chosen regime and achieve your weight loss goals faster and easier.

The Slim Soup is available for purchase in bulk or as finished product.
